CHURCH SEARCH

On this sheet you will find pictures of different items in the church—that can be on the floor, or on the walls, or anywhere else! The idea is to find them all. The search is divided into three parts—one at the back of church, one in the middle of church and one at the front of church. There are nine things to find in each. Score one point for each one you find. In addition, score three points if you find the “challenge item” pictured below as you go round church. Can you get all thirty points?

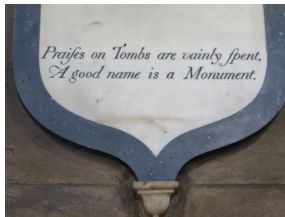

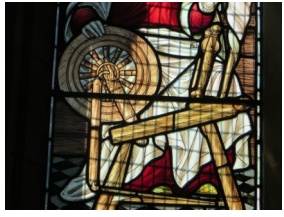

Clue—you won't find this if you are sitting down.

For adult helpers—the locations of the photographs can be found on the web through the QR code on the right.
